- Mitch Waks, CEO & Owner

"I chose Cooperative Home Care because":

"They cover a large geographical area: St. Louis and surrounding Missouri counties, and Metro East Illinois."

"They have been in business for 35 years, and their healthcare staffing division, All-Staff Nursing, is in its 30th year. Unlike a franchise, they are truly home care and staffing experts!"

"I can save money because they qualify me for every type of home care before I pay out-of-pocket. I know that I am paying as little as possible for my services."

"It's so hard to find a good home care company and caregivers that are the right match for me. They are a one-stop shop, whether I need Medicare, Private Services, or both!"

"Between Cooperative and All-Staff Nursing, they have staffing resources needed to fill my shifts when needed. They are local, fast, and affordable."

"Cooperative is Medicare-certified, with physicians and nurse supervisors."
